

HACK THE RIDGE

IntelliLearn

Take your learning to the next level

By:

Aiden Pinto, Kevin Rejousski, Peter Shao

Introduction

IntilleLearn

- IntelliLearn uses the latest OpenAI assistants API (Beta) to power our tutor IntelliBot.
- IntelliBot provides accurate information and minimizes AI “hallucination” thanks to the trusted and reliable source materials that it bases its responses upon.
- This ensures that the students get an education with the highest quality.

Developers

Kevin Rjeousski

Front End Developer,
Designer, Troubleshooter

Aiden Pinto

Backend Developer,
Troubleshooter, Tester

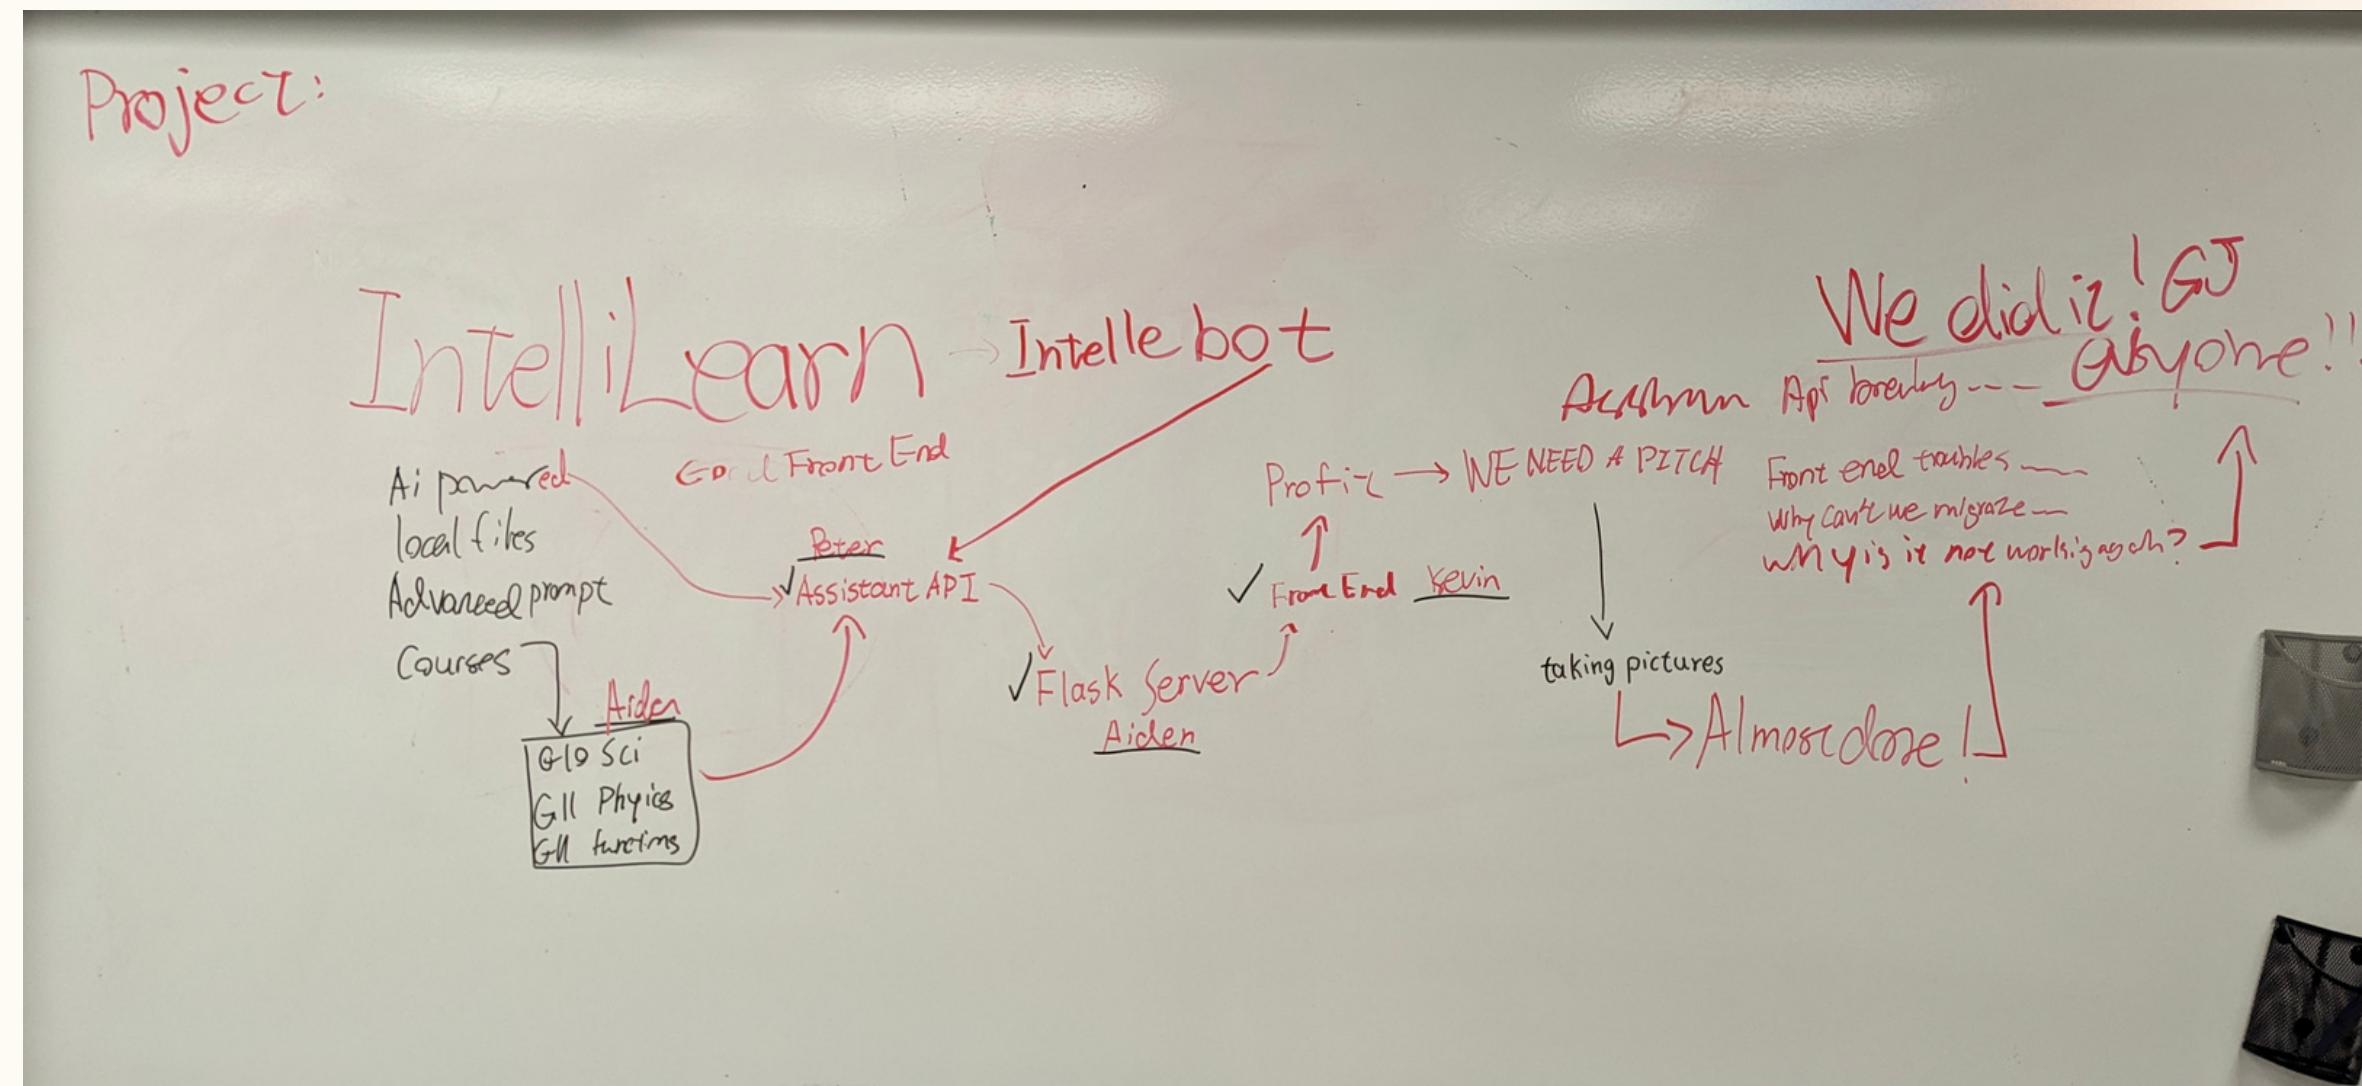

Peter Shao

Model Developer,
Backend Developer,
Marketer

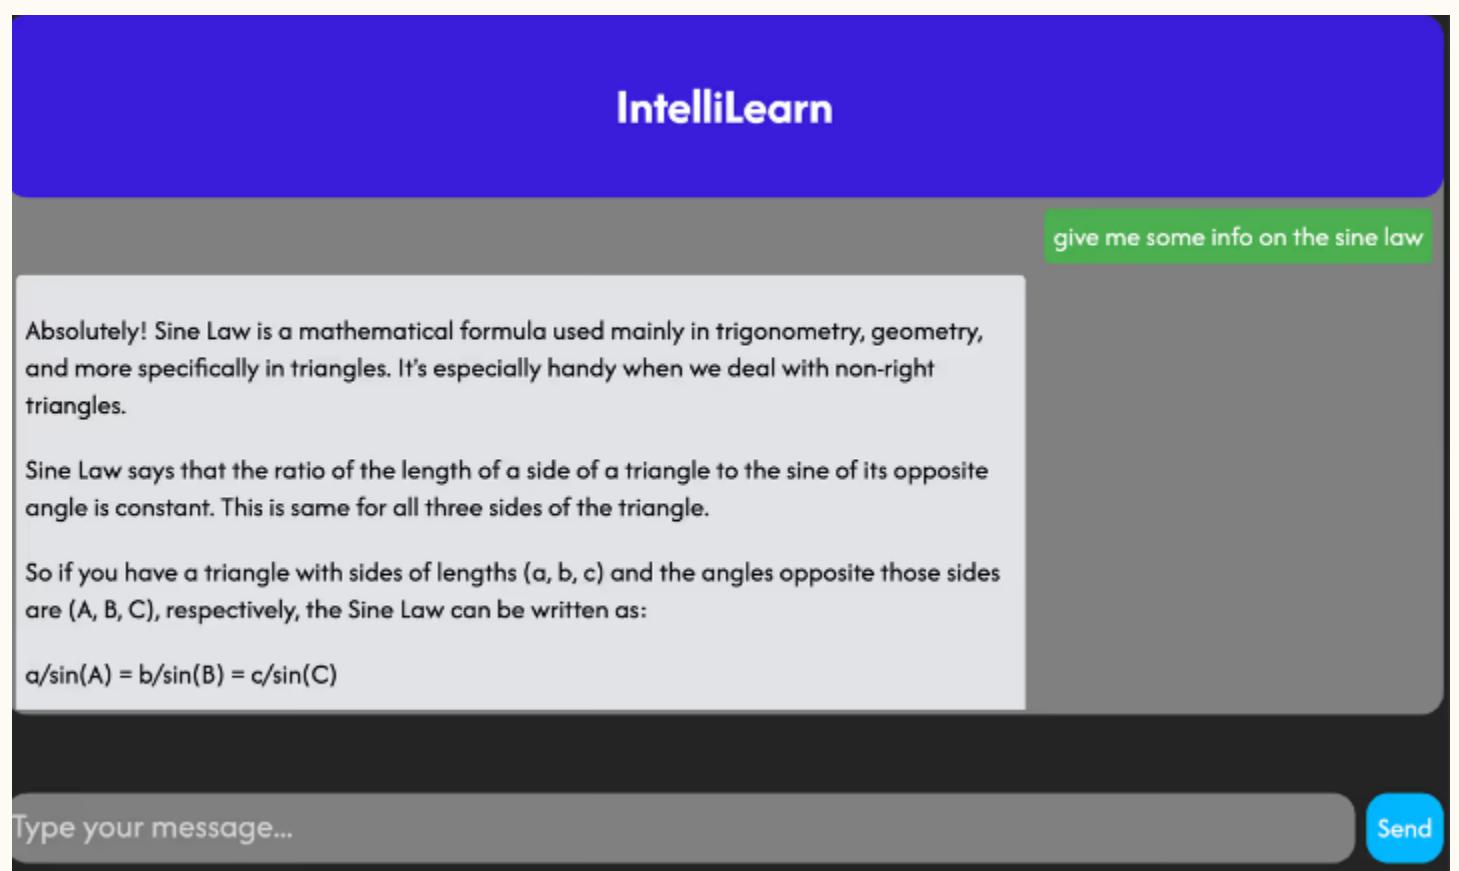

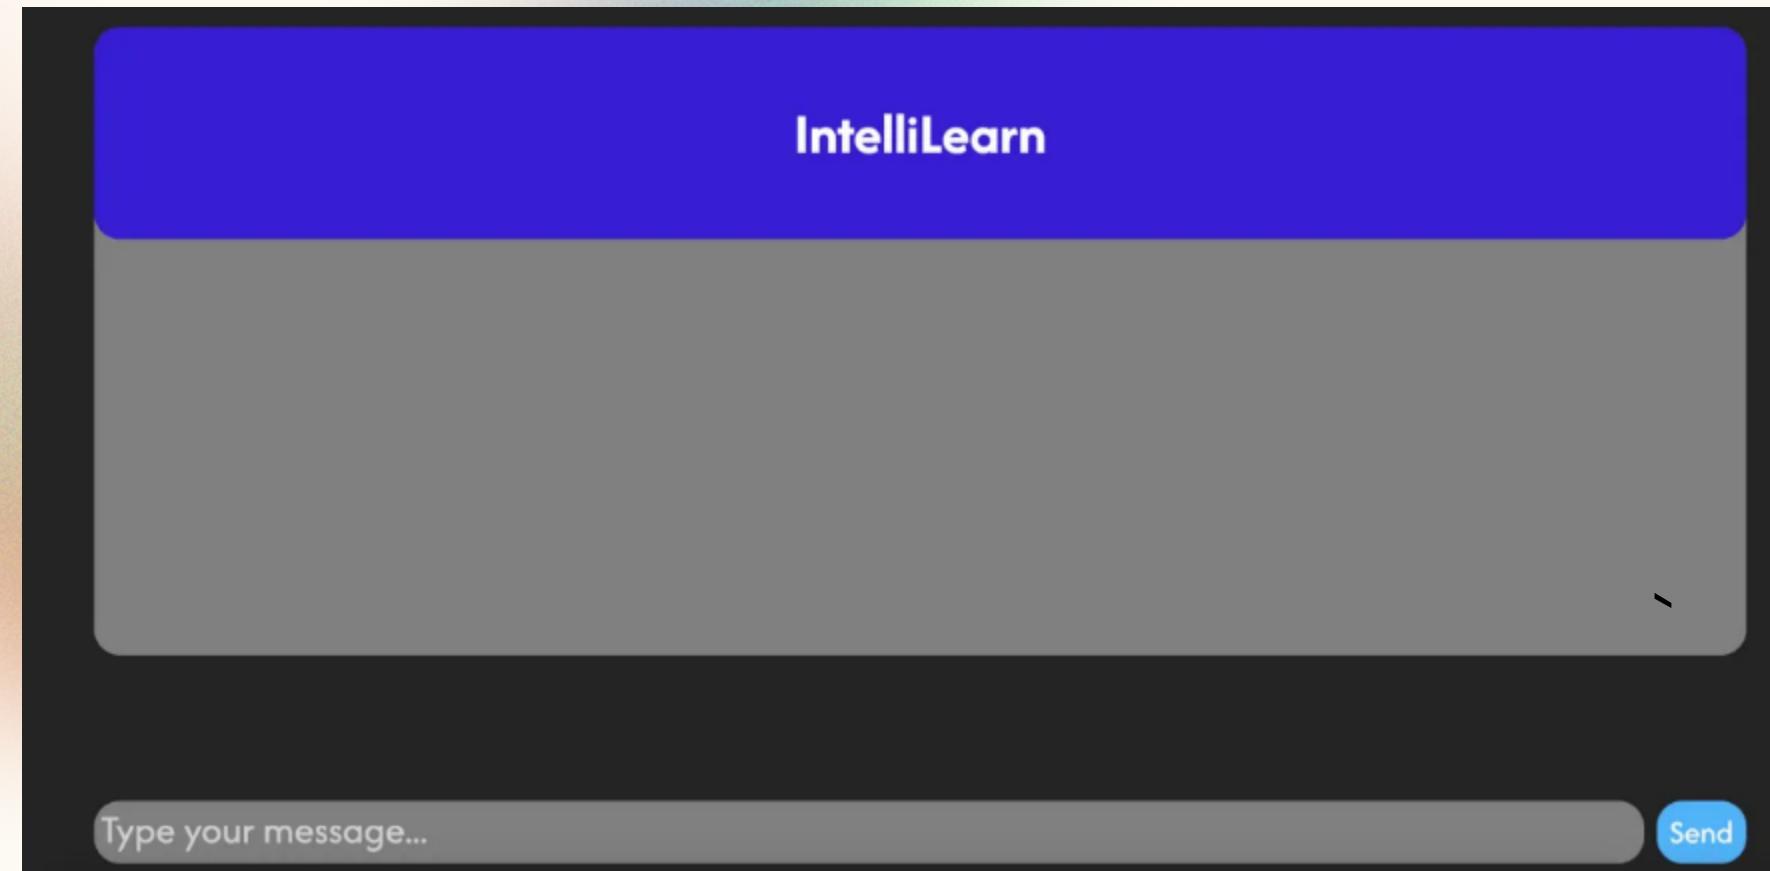

**“I swear if you guys merge
right now I will delete the
github”**
